

British Canoeing Canoe Slalom Junior & U23 **Selection Policy 2019**

"2018 saw a fantastic year for British canoe slalom teams as a whole with strong performances across the age ranges. This is testament to the hard work and the systematic approach to developing paddlers across our pathway. Looking ahead to 2019 our Olympic focus begins to narrow in for Olympic qualification and team selection culminating at the Senior World Championships. Competition for the places will be highly competitive in all classes and age categories and will ultimately mean selecting the best possible team to represent Team GB in Tokyo. Selection is always a challenging period and so would wish all athlete the very best as they race to earn team places for the summer and the next step in their progression in our amazing sport. Lastly, I'd like to say a massive thank you for the support of parents, coaches and volunteers for the athletes as we enter another season"

SECTION 1 – OVERVIEW

British Canoeing Canoe Slalom International Panel

Since January 2005, the British Canoeing Board has been responsible for GBR Team Selection through the formation of International Panels in the two Olympic disciplines of Canoe Sprint and Canoe Slalom and more recently in Paracanoe. The Terms of Reference of the panel can be found [here](#). The International Panels are appointed by and report to the British Canoeing Board.

The Canoe Slalom International Panel is responsible for proposing and agreeing the selection policy on an annual basis including the Olympic Selection policy for 2020 and for selecting the Great Britain teams against this policy. The discipline committee play an integral part in helping to formulate the draft selection policy for consultation within the sport.

The members of the International Panel are selected on the basis of experience and competency. The level of experience required relates to previous experience of selection/GB Team matters, current knowledge and first hand practical experience of the sport at a National and International level. The panel retains overall authority for all aspects of policy including selection venues, dates and for selecting all Great Britain representative teams at Senior, Under 23 and Junior levels.

Subject to board appointment, the International Panel members for 2019 will be (all with voting rights):

Chair: Andy Maddock (Head of Performance Operations)

Core members: David Spencer (Slalom Committee Representative), Paul Ratcliffe (Performance Director) and Mark Ratcliffe (Canoe Slalom Head Coach), Independent member to be appointed early 2019.

The BC Slalom Committee also has a non-voting appointed observer: Martyn Setchell (appointed by the Slalom Committee) attends all International Panel meetings and is copied in on all correspondence as an observer.

Additional members: Following the completion of each selection series, National coaches from UK Programmes with representation from Home Nation programme coaches are invited to attend the International Panel meeting to advise on team selection with reference to the published policy. Invites are sent out in advance inviting Home Nations and programmes to send a nominated representative.

International Panel Vision Statement - Canoe Slalom 2019-2020

Rio 2016 was the most successful Olympics of the modern era for Team GB and it was the finest performance at any Games for British Canoeing (Slalom & Sprint) with 4 medals: 2 Gold & 2 Silver & 5 medals in Paracanoe. In Canoe Slalom GBR finished joint top (with Slovakia) in the Olympic medal table. The bar has been raised significantly for Olympic sport in this country and the competition for funding is fiercer than it has ever been.

At the 2019 senior team selection series there will be fewer than 500 days until the Tokyo 2020 Olympic Games are over. 2019 represents focusing in on performance delivery both in qualification of Olympic boat quota places for GBR but in narrowing down the selection process in a fair, objective and transparent process that enables athletes selected to the Olympic Games the best opportunity to prepare for the event.

Olympic Strategy Tokyo 2020

The strategy followed has been determined by reference to the [ICF Olympic Qualification System for the Tokyo 2020 Olympic Games](#) to ensure the maximum boat quotas are qualified, that we are the best prepared team for Tokyo and that the Olympic team is selected based upon profiling a championship performer not just a domestic performer. The process for Olympic selection will start at 2019 Senior Team selection. The key goals for 2019 & 2020 are:

- To qualify the maximum GBR Olympic boat quota places at the 2019 World Championships.
- To be the No 1 Canoe Slalom Nation at the Tokyo 2020 Olympic Games.
- 2 boats per event making finals at Junior, U23 and Senior World Championships in 2019.
- To be the No 1 nation on the individual medal tables at the World Championships in U18, U23 and Senior by 2024.

2019 Focus

- Review the first two development years of the cycle and begin to hone resources toward qualifying the maximum number of Olympic boat quotas and optimising medal chances at the Tokyo 2020 Olympic Games.

2020 Excel

- Our goal is to contribute as much as we can to the overall medal total for TEAM GB in Tokyo.
- Run parallel projects to accelerate 2024 talent pool e.g. World Cups released post Olympics in 2020.

Selection Policies will be a key tool in supporting the objectives throughout the Tokyo cycle.

2019 U23 & Junior Team Aims (in order of priority)

1. To win medals at the 2019 U23 and Junior World Championships.
2. To win medals at the 2019 U23 and Junior European Championships.
3. To qualify at least two boats per event into U23 & Junior World Championship finals in 2019.

Conflicts of Interest

British Canoeing is committed to upholding high standards of integrity and as such any person who sits on the International Panel shall declare any conflicts or potential conflicts and shall refrain from participation in the discussion of and any vote in respect of any selection matter in which they have a conflict of interest unless such conflict can be resolved. If a person is unsure whether they have a conflict or potential conflict they should consult the Head of Governance and Compliance.

Amendments

The selection policy may be amended at any time by British Canoeing for one or more of the following circumstances:

1. Any changes in rules governing a particular competition, policy or event
2. Any change in ICF eligibility, rules, calendar or programme of events
3. To give effect to the selection process in case of a drafting error or oversight
4. To clarify any ambiguity to the intended meaning of the selection policy
5. Any other reason determined by British Canoeing at its total discretion that is in the best interest of British Canoeing and in line with the principles outlined for selection

SECTION 2 ELIGIBILITY & QUALIFICATION FOR GBR 2019 U23 & JUNIOR TEAMS

Paddlers remain responsible for entering the race(s) before entry limits are reached. Entering the race is not registration.

International Eligibility

Selection will be subject to eligibility in accordance with competition rules laid down by the ICF & ECA.

- The last year an U23 may compete in the Under 23 category is the year of their 23rd birthday.
- The last year an U18 may compete in a junior category is the year of their 18th birthday.

Please note that there is currently a difference in the rules between ECA age range Championships and ICF age range Championships for athletes entering more than one event, which may affect team selection in accordance with this policy.

Where athletes may be entering more than one event, the policy will be applied in isolation for each specific event therefore entering more than one event may not be possible.

British Canoeing reserves the right to deselect an athlete who has been found guilty of a disciplinary offence under British Canoeing/ICF rules. This includes doping offences.

Selection will take place in the following events:

Team events: Once a GBR Team is selected, the Team Manager or Head Coach may optimise team event medal opportunities by filling unallocated team places with athletes selected in other events. This can also occur where injury/illness to a competing athlete. This clause is not applicable to individual events.

Race 2	Sunday 24 th March 2019	SF/F Format	Holme Pierrepont
Race 3	Sunday 31 st March 2019	SF/F Format	Lee Valley

The Back-up for this series would be dealt with within the dates above through the contingency section later in the document.

2019 Junior & U23 Team Selection Race Format

Subject to contingency there will be one competition for junior & U23 team selection comprising of 3 races alongside Prem races. Eligibility to race is determined by the published eligibility criteria confirmed in sec 2.

Race 1: 2 run race – Points will be awarded based on the best score from both runs

Races 2 & 3: semi-final/final format:

It is understood that all athletes competing for selection will race both runs for Premier ranking points however, for the purpose of awarding selection points only the top six placed boats from the first run will be included in a 'virtual' final (there will be a junior final and an U23 final) with the following detail:

- Points will be based on the finishing order of finalists followed by the finishing order of the semi-finalists who did not proceed to the final.
- If, for any reason, finalists do not start in the final they will be ordered in the last places of the final based on their semi-final result.
- For achievement of performance standards, performance standards can be achieved on any run in the race series.

For races 2 & 3 as noted above, in the event of junior athlete(s) qualifying in the U23 final, their result from their second run will be used to calculate both Junior and U23 selection points. In this situation no additions will be made to the U23 final (e.g. if 2 junior athletes qualify into a six boat junior & U23 final, four boats will start in the U23 final, six in the junior final and the results from the 2 juniors will be inserted into the U23 results after the race).

The start order for all junior & U23 races will be the reverse order of National Ranking 2019 bib.

Points allocation and 2019 U23 & Junior Team Selection ranking:

U23 Selection will be run as one race each day with one single set of results for each day. U23 Points will be allocated based on the single set of results each day for all eligible paddlers with one single points table for the U23 selection series.

Junior Selection will be run as one race each day with one single set of results each day. Junior Points will be allocated based on the single set of results each day for all eligible paddlers with one single points table for the junior selection series.

Calculating the overall 2019 U23 & Junior Selection results:

The points system used for each of the three races is:

30pts 1st place, 27pts 2nd place, 25pts 3rd place, 23pts 4th place, 22pts 5th place, 21pts 6th place etc.

- The individual boat's best two points scores from the three races are added to give their overall selection ranking points score.
- Athletes competing in 2 races or fewer will keep any points achieved. Athletes are not required to compete in all three races of selection.
- Ties in points are decided using, in order:
 1. Best single result in 2019 selection competition (points).
 2. Best discarded result (points).
 3. Higher finisher in final race of the 2019, 3 race competition.

2019 U23 & junior selection shall consist of a minimum of two races. In the event of the failure of one or more races then selection may be decided by reference to the points table using the best 2 results from the 2 races completed. Should this situation occur, ties in points decided using, in order:

1. The best single points score from the race series.
2. Higher finisher in final race of the race series.

Note: Any juniors qualifying for U23 team selection will appear in both tables and their result each day will determine the points received in each table (which most likely will be different).

Course Design U23 & Junior Team Selection Races

The course designers for races 1 & 2 will be drawn on Friday 22nd March 2019 and for race 3 on Saturday 30th March after the last training session of that day. For each race two coaches are responsible for course design and will be drawn from employed coaches from Scotland (1), Wales (1) England (1) as well as the Olympic Podium Potential Programme (2). The appointed Chief Judge will be involved directly in the course design proposals. Following the course design draw, both course designs are submitted to the Chief Judge prior to the commencement of race 1. Course approval takes place immediately following demo runs. Final pole adjustments are made by the course designers (or delegated to the Head Coach) in consultation with the Chief Judge.

For the competition, subject to contingency and changes for safety reasons, course configurations will be set and will remain in place from 1 January 2019 for HPP and 14 January 2019 for Lee Valley to following 2019 Selection competition dates.

Course design will reflect 2018 ICF rules and start and finish lines.

Process for places released by selected athletes:

For the U23 World Championships any released places will be offered in the following order:

1. 2019 U23 World Championships selected named reserves in order of the selection points table.

For the U23 European Championships any released places will be offered in the following order:

1. 2019 U23 World Championships selected named reserves in order of the selection points table.
2. 2019 U23 European Championships selected named reserves in order of the selection points table.

For the Junior World Championships any released places will be offered in the following order:

1. 2019 Junior World Championships selected named reserves in order of the selection points table.

For the Junior European Championships any released places will be offered in the following order:

1. 2019 Junior World Championships selected named reserves in order of the selection points table.
2. 2019 Junior European Championships selected named reserves in order of the selection points table.

Forerunners for ICF Canoe Slalom World Cup 1 Lee Valley, 14-16 June 2019

Priority will be given to athletes from the GBR U23 Team selection points table that are not named on the GBR Senior Team in order of their final selection position. The next priority will be to senior team reserves. In the Canoe events this will be subject to left/right balancing therefore the IP reserve the right to select the most appropriate athletes, not necessarily in the order of their final selection position. Unfilled places will be offered to volunteers of a suitable standard by the race organisers.

SECTION 4 GENERAL INFORMATION – ALL 2019 GBR JUNIOR & U23 TEAMS

APPLICATION OF PERFORMANCE STANDARDS IN SELECTION DECISIONS

Upon completion of the 2019 selection series, The International Panel will consider the final results to select the U23 & Junior teams. In selecting teams, the panel will reference the finishing order of the overall tables. Athletes and reserves will be selected in descending order of the points achieved and athlete selection will stop at the point that the performance standards are not achieved regardless of whether athletes further down the order have achieved standards.

Subject to any Exceptional Circumstances and pre-selection the top three boats in each event within the appropriate team performance percentage criteria (where applicable) will be selected. Named reserve boats outside the top three are non-travelling reserves that will travel only in case of withdrawal of an entry. The panel will always consider sending the maximum boats subject to achievement of standard.

For 2019 there will be two clear types of team identified – a Performance Team (Junior & U23 Worlds) and a Performance & Development Team (Junior & U23 Euros):

Selection into GBR Junior, U23 World Championship Team 2019

The above teams will focus on Performance Delivery and selection is predominantly based upon selecting athletes of a standard to make a Championship/World Cup final in the identified year. Performance standards will be strictly applied. **Subject to any Exceptional Circumstances for automatic selection into a Great Britain Performance Team the standard must be achieved on 2 runs from any combination of up to 6 runs regardless of age.** Athletes & reserves will be selected in descending order of the points achieved and athlete selection will stop at the point that two performance standards are not achieved regardless of whether athletes further down the order have achieved standards.

Selection into GBR Junior & U23 European Championship Team 2019

The Junior & U23 European Championship Team will focus on performance delivery and athlete development towards performance in the future. Performance standards will be strictly applied. **Subject to any Exceptional Circumstances for automatic selection into a Great Britain Performance & Development Team the standard must be achieved on 1 run from any combination of up to 6 runs regardless of age.** Athletes & reserves will be selected in descending order of the points achieved and athlete selection will stop at the point that one performance standard is not achieved regardless of whether athletes further down the order have achieved standards.

Application of Performance standards

The performance standards are based upon the Best Single Run Score (BSRS) achieved in any age category and in any event on a given course gate configuration. The athlete posting the BSRS must have entered the race (e.g. demos do not count but a pre-selected boat who has entered the race would count). Performance standards in all events are worked on scores (accuracy 0.01 seconds) as a % of the BSRS achieved on that day. Note that the BSRS can be from any event (not limited to K1M). Selection runs can only count for performance standards (for example an athlete not progressing into a final at junior selection cannot count their second premier race run).

Example percentage calculation on single run

BSRS = 94.44 secs total; 5th place K1W: score = 109.93 secs total, thus 5th place K1W percentage: 116.4%. <107% means 106.9999% or less

Performance standards for 2019 Great Britain Teams:

	K1M	K1W	C1M	C1W	C2Mx	C2M*
U23	<108%	<128%	<117%	<145%	<148%	<130%
U18	<114%	<132%	<125%	<150%	<154%	<135%

*European Canoe Association events only

Performance standards will be strictly applied as outlined. If an athlete achieves the required quantity of the minimum performance standard specified above from up to 6 opportunities, they are deemed to have met the performance standard.

Performance Percentage Criteria monitoring

The percentages listed correspond to a top 20 World Cup, World Championship or European Championship placing in each event with the exception of C2 which is defined from Top 15 standard and C1W which is defined from Top 10 standard. These performance criteria have been adjusted based upon data from 2009-2018 and will be re-assessed for 2020.

Athletes who enter more than one event will need to demonstrate a full commitment to the competition programme of both events in the case of being selected into any team. Any decision would be determined by reference to coaching staff to determine if appropriate training is being undertaken. If this is not the case, then the place will be awarded to the next boat in line (pending fulfilment of selection criteria).

Contingency

The International Panel retains the right to adapt racing to ensure a fair process in line with the following principles and processes:

The Chief Judge will have the responsibility to assess weather conditions and make necessary decisions relating to the timetabling of the event. The Chief Judge and International Panel will also have the responsibility to make any adjustments to the timetable following any delays. Should local conditions threaten the planned racing then the Chief Judge reserves the right to amend the race format/schedule/start or finish lines in any way necessary to complete fair racing.

Examples of such amendments could include:

- Early morning/evening racing under floodlights.
- Taking results from first runs only.
- Counting results from runs where a whole event/phase has been completed fairly.
- Reducing start intervals.
- Not changing the course between races.
- Changing order of events.
- Single run races/multiple races in 1 day.

This is not an exhaustive list and all other options are also able to be considered to complete a fair selection series in accordance with the specific challenge(s) identified. The minimum number of races that all GBR Team Selection series will include is 2.

For International Panel announcements refer to www.canoeslalom.co.uk and/or www.britishcanoeing.org.uk. During events, important information will be posted at race control and on the British Canoeing Facebook page.

Force Majeure

“Force Majeure” means any act, event, omission, cause or circumstance not within the reasonable control of British Canoeing or the race organisers, including but not limited to any strike, lockout or other industrial action, any civil commotion or disorder, riot, invasion, war or terrorist activity or threat of war or terrorist activity, any action taken by a governmental or public authority of any kind (including, without limitation, not granting a consent, exemption, approval or clearance), any fire, explosion, storm, flood, earthquake, subsidence, epidemic or other natural physical disaster. In the event of such Force Majeure affecting the application of the policy, the IP shall have the sole discretion, in consultation with the BC Head of Governance and Compliance, to make a decision in line with the principles, strategy and mission of this selection policy.

Exceptional Circumstances U23 Team 2019

British Canoeing considers exceptional circumstances to be unplanned, unexpected, unavoidable and unforeseen.

If an athlete/crew (C2) is unable to contest selection the International Panel (IP) reserves the right to provide a further opportunity to qualify to compete at the 2019 U23 European and/or U23 World Championships, subject to the following conditions:

- Certificated evidence of illness or other exceptional circumstance must be presented to the IP prior to the commencement of the selection competition.
- In such a case the IP may identify a single race opportunity whereby the 3rd boat of the selection series and the identified athlete(s) would compete for a European Championship and/or World Championship place in the age group.
- If this situation arises more detail would be provided following the IP meeting immediately after the spring 2019 Selection competition.
- The IP has the sole discretion to invoke this clause if required and any decision is final
- The athlete/crew must satisfy the criteria stated below:

For U23 World or European Championships, the athlete/crew must be able to demonstrate, in both training and racing, superior performance above other athletes/crews. The IP will consider the following criteria:

- The athlete’s training and racing profile (from GBR performance analysis data)
- ICF World Ranking, Performance at Olympic, Senior & U23 World Championship, Senior & U23 European Championship and/or World Cup races within the previous 24 months.

Selection meeting and announcement of 2019 Great Britain Teams

Following a meeting of the International Panel, Junior & U23 team selections will be announced on www.canoeslalom.co.uk and on www.britishcanoeing.org.uk by 5pm on Tuesday 2nd April 2019.

Funding and Participation (All GBR Teams)

Selection to a Great Britain Team is to specific identified races in accordance with the prevailing selection policy. Selected paddlers who are not funded through a British Canoeing UK Sport Lottery funded Programme may apply in writing to the athlete’s Home Nation slalom committee for consideration of support. Applicants for such support are reminded that these funds are limited and securing other funding will almost certainly be necessary and that an athlete contribution will be required.

All athletes putting themselves forward for selection for a Great Britain team are expected to hold a valid passport with a minimum of 6 months unexpired validity and hold a current European Health Insurance Card. From 1 January 2019 Great Britain will continue to select C2M, C2Mx & Extreme Slalom athletes at Junior, U23 and Senior championship events where offered on a competition programme (all athletes will have to self-fund the full costs of attendance). The C2Mx & Extreme Slalom events remain a full ICF World Championship discipline but as non-Olympic events, cannot be supported by UK Sport lottery funding. Selected non-funded athletes will be provided support by Team Management for communication and liaison purposes but coaching and travel arrangements will be the responsibility of the individual athlete(s).

Athletes selected in events that are part of the 2020 Olympic Games programme will be fully funded by British Canoeing to attend Senior World Championship, Senior European Championship competitions and 2020 Olympic competitions. Alongside travel and logistics support for these events, team management, emergency medical treatment, race day video and splits support will be provided. World Cups and preparation/training camps for non-funded athletes are the responsibility of the individual athlete and not part of the GBR Team programme unless agreed, however support to establish projected costs in advance and assistance for making travel

bookings may be provided upon request through the British Canoeing logistics team. Approximate trip costs will be provided at the point of registering for selection.

At U23 & Junior championship events British Canoeing may provide a small subsidy in 2020 Olympic events towards selected non programme athletes, but the majority of the cost will have to be paid for by the individual athlete through an athlete contribution payable prior to departure for the competition.

Paddler agreement (All GBR Teams)

Paddlers on a funded programme need to have signed their programme athlete agreement. Paddlers outside programme funding will also be expected to sign up to the British Canoeing Great Britain Team participation agreement on accepting selection, and at least two weeks before travelling to the first event.

Injury/Illness

The International Panel reserve the right to withdraw athletes from identified race(s) on the basis of injury/illness or lack of commitment to training. Such decisions will only be taken following consultation with appropriate coaches and/or medical reports.

Appeals Procedure

Please see Appendix 2 for the British Canoeing appeals procedure.

Data Protection

British Canoeing is a privacy conscious organisation and is strongly committed to your right to privacy. That is why we have drafted a Privacy and Data Protection Statement, which follows guidelines set out in the Data Protection Act 1998 and which can be found on our website: <https://www.britishcanoeing.org.uk/about/privacy-centre> Please note that any data gathered in the course of selection will be used in accordance with this Statement and in particular will not be shared with any third party without your consent.

Policies

For the avoidance of doubt this selection policy operates in conjunction with all relevant British Canoeing policies including but not limited to, Equality Policy, Anti-Doping Policy, Anti Bullying Policy and Anti Bribery Policy.

Communications

British Canoeing is committed to providing open and informative communication in relation to selection. All athletes will receive formal confirmation of the selection and for those athletes who wish to discuss the outcome of decision made by the International Panel, the Chair of the International Panel will be available to speak informally to athletes and in the case of minors, parents.

Unfilled places may be taken up, in the following order, by eligible paddlers:

- Selected to the GBR U23 Team in order, including named reserves.
- Who have competed at U23 selection (taken in order from the under 23 selection ranking list).

ECA Junior Cup Races 2019

ECA Junior Cup Races in 2019 will be reserved and prioritised for Home Nation U16 Development.

The Head Coaches from the Home Nations will discuss and agree intentions in advance and consult with race organisers to determine predicted GBR entry limits. In the event of entry restrictions, the Home Nations will work together to determine who will attend. In the event of dispute, then the International Panel will make a final decision. If places remain at ECA Junior Cup races after Home Nations entries are counted or 1 month before the race whichever is earlier, entries will be submitted in the date order that the entry request was received.

Extreme Canoe Slalom:

Selection to ICF Extreme Canoe Slalom events will be through a standalone British Canoeing policy as this event straddles many of the competition and recreational disciplines.
