

British Canoeing Paracanoe Selection Policy 2019

Introduction

As we enter the 2019 season, a critical phase in realising our Tokyo 2020 vision begins. We will have our first opportunity at securing Paralympic quota slots at the World Championships in Szeged, the spiritual home of Canoe Sprint. The 2019 selection policy has been strategically designed to maximise the number of NPC quota places obtained for the Tokyo 2020 Paralympic Games, thereby allowing the full quota of British athletes to realise their ambition of becoming a Paralympian. In addition, the selection policy is intended to position the GBR Paracanoe Team to attain the maximum number of medal opportunities, through the doubling up process, at the 2020 Paralympic Games in Tokyo.

The staff team are fully committed to allowing every athlete the opportunity to capitalise on the hard work, effort, persistence and dedication required to succeed on the international stage this season, and we look forward in again supporting every athlete and sharing their journey. However, we should be under no illusion that the competition standard will continue to increase. I wish every athlete success within 2019, the road ahead will be hard won, but the rewards will be just recognition of the athlete's commitment, determination and endeavour in maintaining Great Britain's status of World Leading Paracanoe Nation.

SECTION 1 – INTRODUCTION

Purpose

The purpose of this selection policy is to clearly outline the processes which will lead to the selection of the best GBR Paracanoe Team for the major Paracanoe competitions in 2019 including prioritising Paralympic Nation Qualification at the 2019 World Championships.

The 2019 selection policy is designed to maximise the number of NPC quota places obtained for the Tokyo 2020 Paralympic Games, and to position the GBR Paracanoe Team to achieve the maximum number of medal opportunities, through the doubling up process, at the 2020 Paralympic Games in Tokyo.

The Selection Policy seeks to allow athletes to produce optimum performances at the 2019 European and World Championships, through a clear selection process.

Paracanoe Strategy for Tokyo 2020

The target agreed with UK Sport is for athletes within British Canoeing to win a minimum of five medals at the Tokyo Paralympics and to continue to build a strong base for targeting more medal success in 2024.

The Vision:

To be the world leading and world inspiring Paralympic sport programme

Medal Target:

To target Paralympic events and to win at least five medals at the Tokyo Paralympic Games.

The Paralympic Qualification System allows athletes once qualified to race at the Paralympic Games in Kayak and Va'a. The Paralympic Nation qualification system only allows each athlete to qualify a maximum of one nation quota place, so for this reason there are two very clear phases identified for Tokyo 2020 Paralympic Team Selection:

Phase 1 – 2019 Maximising the Qualification of Paralympic Quota Places

The 2019 Selection Policy will focus strongly on qualifying the maximum number of nation quota places through maximising performance delivery in Tokyo 2020 Paralympic events at the 2019 Paracanoe World Championships. In order to optimise the number of Paralympic nation quota places qualified at the 2019 Paracanoe World Championships, team selection may be influenced by the priority outlined in the strategic objectives below. For this reason no results gained in 2019 will be used as part of the 2020 Paracanoe Team selection process for the Tokyo 2020 Paralympic Games.

The 2019 Selection Policy and team selection will be based upon the following British Canoeing Paracanoe strategic priorities listed in priority order:-

1. Maximise the number of NPC quota places qualified for the Tokyo 2020 Paralympic Games.
2. Position the GBR Paracanoe Team to maximise doubling up opportunities at the Tokyo 2020 Paralympic Games.
3. To challenge for medals and focus on medal delivery at the 2019 European Championships ~~World Cup~~ and World Championships.
4. Confirm maximal athlete international classifications
5. Support the VL3 Women event to increase the possibility of inclusion into the Paralympics in 2024.

Phase 2 – 2020 Selection of individual athletes to optimise medal delivery at the 2020 Paralympic Games

The 2020 Paracanoe Team for the Tokyo 2020 Paralympic Games will be selected purely from results achieved in 2020. The Selection Policy for the 2020 Season including the selection process for the 2020 Paracanoe team for the Paralympic Games will be published by 1 January 2020.

British Canoeing Paracanoe International Panel

The Paracanoe International Panel (IP), which is appointed by and reports to the Board of British Canoeing, is responsible for all aspects of developing, approving and managing the implementation of the Paracanoe selection policy. The Terms of Reference can be found [here](#). This includes the annual policy for all Great Britain Paracanoe representative teams and also the Paralympic Selection policy for 2020. The IP will consult with athletes, coaches, clubs and the Sprint Racing Committee in the formulation of policies.

The Paracanoe IP for 2019 consists of the following voting members:

Chair: Paul Dimmock (Independent)

Core members: Paul Ratcliffe (Performance Director), Barney Wainwright (Ind), Andy Maddock (British Canoeing), Scott Simon (Head Coach Paracanoe), ~~Hayleigh Mason Vacant (Independent Member) to be filled spring 2019.~~

Non-voting member Sprint Racing Committee Non-Voting Observer: Alan Laws (Chair SRC)

Additional non-voting contributors: At each meeting of the IP, the Panel may at its absolute discretion invite additional individuals (e.g. coach(es)/medical practitioner/parent) who have specific class knowledge, in order to advise and provide evidence on athlete performance. These invitees will have no voting rights.

All correspondence regarding selection should be addressed to andy.maddock@britishcanoeing.org.uk and then it will be passed to the chair and other members.

The International Panel will accept athlete nominations from the British Canoeing Paralympic appointed representative along with any other relevant supporting evidence (Performance standards and/or Mitigating Circumstances). Performance times and tabled results for Paracanoe competitions will be used as evidence to support nomination for Paracanoe Team selection.

Further Important Points to the Selection Process

British Canoeing recognises that Paracanoe events are subject to review at any time by the ICF and IPC. These Paralympic Events are based on the ICF Paracanoe Rules and Regulations and any rule changes imposed by the ICF/IPC may result in modifications to the Selection Policy. This selection policy is subject to these conditions and may need to be modified to adapt for these changes. Any modifications will be made and openly published on the British Canoeing website at least 1 month prior to selection competitions.

Conflicts of Interest

Any person who sits on the International panel shall declare any conflicts or potential conflicts and shall refrain from participation in the discussion of and any vote in respect of any selection matter in which they have a material conflict of interest. If a person has any queries in this area they should consult the British Canoeing Head of Governance and Compliance.

SECTION 2 ELIGIBILITY

To compete at National Regattas including Paracanoe Selection Regattas - Subject to any Mitigating Circumstances, athletes must:

- Race in National selection competitions as identified in this policy
- Must have achieved the 2019 Paracanoe Regatta Qualification Time (see Table 1- Paracanoe Regatta Qualification Times) in a Paracanoe specification boat at any of the below:
 1. A UK National or International Regatta 2018 or 2019 (World Championship, European, Championship, World Cup or UK National Regatta)
 2. March Regatta – 30th/31st March 2019*
 3. Talent Programme athlete with evidenced 200m training dataOr:
 4. Athlete with Mitigating Circumstances with a proven track record of performance
- In addition, athletes must hold a National Classification in the sport class they are going for selection in or be no more than 2 points over the defined cluster score for one test (leg, trunk or on-water) and also

be within the correct cluster scores for the other tests for the sport class they wish to compete in (see classification overview for details of scores, clusters and sport classes) to be eligible for selection in that event.

*There will be a national classification offered prior to the March 2019 regatta on Friday 29th March 2019. To register for classification, athletes should contact [Clarisse Smith — Clarisse.smith@britishcanoeing.org.uk](mailto:Clarisse.smith@britishcanoeing.org.uk) [Julie Gray – canoejulie@sky.com](mailto:Julie.Gray@sky.com)

Note - Athletes wishing to be entered into 2019 Paracanoe selection Competitions (April 27th/28th and 29th/30th June regattas) who have not achieved the Paracanoe Regatta Qualification Time in a 2018 Official competition should enter the Paracanoe event at the March regatta 2019. If an athlete achieves the Paracanoe Regatta Qualification Time at the March regatta, they will be eligible to enter the Paracanoe selection competitions in April and June. Athletes with mitigating circumstances approved by the International Panel who have achieved the Regatta Qualification Time for their event outside of 2018/19 Official Regattas may be entered into selection competitions. Athletes wishing to apply for mitigating circumstances must do so, in writing, up to 1 hour prior to the regatta race start time by notifying the Paracanoe Head Coach stating the grounds for mitigating circumstances. The Paracanoe Head Coach will then submit an application to the International Panel who will consider along with evidence of performance based on the criteria in Table 1 on page 11 of this document. Subject to any Mitigating Circumstances, only athletes approved by the International Panel are able to enter into the Paracanoe Selection Regattas.

A list of athletes who have achieved the qualification time will be published on the BC website at least 1 month before the March regatta.

SECTION 3 - SELECTION PRINCIPLES 2019:

1. This selection policy provides clear guidance to all athletes on how selection decisions will be made and which competitions will be used to determine selection for a given International race(s).
2. The primary focus of 2019 National Team Selection will be to maximise the number of NPC quota places obtained for the Tokyo 2020 Paralympic Games, and to position the GBR Paracanoe Team to achieve the maximum number of medal opportunities at the 2020 Paralympic Games in Tokyo.
3. Performance in targeted Paralympic events, based on achieving the performance standard. (See table 1)
4. Enable the best athletes to optimise their preparation for the 2019 World Championships, through recognition of performance at the 2019 ~~ICF World Cup incorporating the~~ European Championships.
5. The selection policy will be as transparent and objective as possible. Competition results at the nominated selection competition combined with performance standards (where appropriate) are taken into consideration when making selections.
6. The selection policy seeks to select the best GBR Paracanoe Team in an objective way that prioritises optimal preparation time for achievement of International success, and secures the maximum number of NPC quota places for the Tokyo 2020 Paralympic Games.
7. It is acknowledged that Paracanoe is an outdoor sport where results can be affected by environmental conditions and lane draws. Where conditions may hamper holding a fair selection competition, contingency measures may be considered as outlined in Section 5 of this policy.
8. All eligible athletes will be considered equally for selection against the stated selection criteria regardless of club, training location, age, Home Nation and programme status.
9. To create opportunities to gain and confirm International classification.
10. Non-travelling reserves will be named in individual boats based solely on their ranking in the identified selection race where performance standards have been achieved. This is to recognise achievement of athletes achieving performance standards who are outside the finishing position(s) required for selection. In order of selection, named reserves will only travel in the event of injury or illness to an athlete and in line with the strategic objectives of this policy, specifically the no risk scenario.

SECTION 4 – GREAT BRITAIN TEAM SELECTION POLICY 2019

Team selection is based upon performances in identified selection regattas and at international competitions. In order to be considered for selection, athletes must participate in all applicable regattas and events. GBR teams will be selected for the following competitions in 2019:

2019 Competitions - Paracanoe			
Competition/Regatta	Venue	Date	Date of Selection Announcement by IP

Subject to policy detail and performance standard, British Canoeing may select up to 2 boats per event at the ICF World Championships, European Championships and ICF World Cup ~~and ICF World Cup incorporating the European Championships~~.

** In Paralympic events only where all selection places have not been filled, development further athletes will be considered if they do not have previous international competition experience, have a green RAG rating on the Paralympic Programme performance funnels, or have a specific classification requirement, and have a Tokyo profile.

First round World Championship Team Selection will be based upon results at [the European Championships World Cup race 1](#).

Notification of Selection and Announcement of 2019 Great Britain Paracanoe Teams:

Following a meeting of the International Panel, team selections will be announced on the news section of the British Canoeing website www.britishcanoeing.org.uk by 5pm on the date specified in the table above.

2019 Paracanoe Team Selection Overview (All Teams)

All 2019 Paracanoe team selection will originate with domestic selection which will be used to select athletes. Subject to any mitigating circumstances selection for International Competition incorporates a number of elements including:

1. Ranking at appropriate Paracanoe selection regatta
2. The consideration of an athlete against the Performance standard
3. Reference to the strategic priorities as set out in Section 1

Where athletes may enter more than one event, the policy will be applied in isolation for each specific event therefore entering more than one event internationally may not be possible. At Paralympic qualification an athlete can only secure one IPC quota slot per nation despite racing in multiple classes. Therefore, in order to maximally secure Paralympic quota slots sport classes will be prioritised in line with the strategic objectives of the 2019 policy. For example, a female athlete selected to race in the V1 Women VL2 200m will only be selected to another event if they have been selected by the IP in a specific additional event in accordance with the strategic aims of the policy. In 2019 where an athlete has qualified for 2 events, the IP reserves the right to prioritise, or not select one event for the athlete, in order to maximise the number of NPC quota places obtained for the Tokyo 2020 Paralympic Games, and to position the GBR Paracanoe Team to achieve the maximum number of medal opportunities, through doubling up, at the 2020 Paralympic Games in Tokyo. [This may mean selecting only 1 GBR boat per sport class to avoid handing back IPC quota slots in a no risk scenario.](#)

Calculation of Ranking at Paracanoe Selection Regattas

Selection will consist of **2 races** at each regatta and the finishing position in each race will be recorded. **The best position achieved by each athlete will be taken into account to organise athletes into their final selection position.** In the event of a tie in best position, the 2nd best position result will be used to separate athletes. In the case that there remains a tie after the two selection races the two race times for each athlete will be added together with the higher ranking position awarded to the athlete with the lowest total.

Example 1:

Important Note: In the June Regatta 2 (29/30 June 2019), where there are athletes competing in the race who are already selected for the 2019 World Championship Team, they are allowed to participate in the race but they are removed from all selection calculation.

APPLICATION OF PERFORMANCE STANDARDS IN SELECTION DECISIONS 2019

Throughout the 2019 season, selection is based on a ‘first past the post’ system at specified races which rewards the boat(s) that can deliver on the day of competition. In selecting teams, the IP will firstly reference the finishing order of events and secondly assess and apply performance standards in events in the following ways:

As part of the overall selection process, the Paracanoe coaches will assess the overall performance for each nominated athlete using the Paracanoe Performance Standards 2019 Table. This tool enables the assessment of athlete performance. A clear assessment will be made of each athlete’s eligibility with reference to a minimum performance standard as a percentage (112%) of gold medal time (GMT). **Please note that the GMT refers to a world’s best, international time (ever recorded in an official competition) and not the winning time of the selection regatta.** All of an athletes times in official regatta results over the 12 months leading up to the selection competition will be considered:

Official Regattas	
International Competition	National Competitions
World Championships European Championships World Cups	UK National Regatta Series

Subject to any mitigating circumstances, to be automatically selected for any international competition, athletes must achieve a time less than or equal to the required actual performance standard in their event as well as fulfilling all other selection requirements.

Table 1- Paracanoe Regatta Qualification Times (120% GMT) & Performance Standards (112% GMT) 2019

Class	Classification	Selection Performance Standard	Regatta Qualification Standard	Gold Medal Time (GMT)
		Performance Time (112% GMT)	Performance Time (120% GMT)	
Men K1	KL3	42.67	45.72	38.10
	KL2	45.68	48.95	40.79
	KL1	52.77	56.54	47.12
Men V1	VL3	53.36	57.17	47.64
	VL2	60.83	65.18	54.32
	VL1	88.22	94.52	78.86
Women K1	KL3	54.68	58.58	48.82
	KL2	54.23	58.11	48.42
	KL1	61.03	65.39	54.49
Women V1	VL3	65.20	69.85	58.21
	VL2	64.70	69.32	57.77
	VL1	83.94	89.93	74.79

If following the selection process places remain unfilled, athletes that do not achieve the performance standard may be selected at the sole discretion of the British Canoeing IP where:

- Evidence can be shown displaying that an athlete has potential to medal at the international competition or that the athlete has a potential Tokyo medal profile. This may be judged on the following criteria:
 - The athlete has won a World Championship or European Championship medal in a Tokyo Paralympic event within the previous two seasons.

- Performance analysis of 200m training data and evidence of ability to achieve performance times
 - Past race performances- potential to achieve top 6 world championship result
 - Performance trajectories against the performance funnels and WITTW
 - Race components analysis will be used to assist in confirming potential performance
2. In the case that an athlete requires an international classification in order to ascertain greater certainty around classification, the IP has the right to select athletes to any empty team slots for any competition irrespective of performance standard and selection position. This includes selection for competitions that are not part of the 2019 British Canoeing race strategy. This decision will be based upon the following criteria:
- Proximity to the border between 2 classifications or KL3/VL3 and ineligibility
 - Need to ascertain classification in order to clarify matrix results/ position on performance funnels
 - Complex impairment profiles which are difficult to classify

SECTION 5 GENERAL INFORMATION – 2019 GBR TEAMS

Contingency

The International Panel retains the right to determine whether conditions provided fair racing for athletes and the right to be able to adapt racing to allow a fair process in line with the following principles:

In extreme circumstances the IP will implement contingency measures and adapt racing to ensure as fair a selection process as possible within the limited options available. The IP will observe weather conditions throughout the competition and if conditions become inappropriate to conduct a selection race, they may declare that a race(s) will not be used for selection. Where possible this will always be done in advance of the start of a race(s) that may be impacted and in consultation with the National regatta competition committee. Examples of other such amendments could include:

- Rescheduling of any affected selection race(s) to early morning/ evening racing within the same regatta (if scheduling and weather conditions permit).
- Rescheduling of any affected selection races to an alternative day and/or location

This is not an exhaustive list and all other options may be considered to complete a fair selection regatta in accordance with the specific challenge(s) identified.

For International Panel announcements refer to www.britishcanoeing.org.uk and during the competition important information will be posted at race control on the live results messaging and on the British Canoeing Facebook/Twitter page.

Mitigating circumstances

Should an athlete miss a competition, suffer injury or fall ill during, or prior to, elements of the 2019 selection process; or have any other mitigating circumstances, the IP reserve the right to provide an opportunity for such a boat to compete and challenge for selection under the following conditions:

- Certificated evidence of illness or other mitigating circumstance must be presented to the IP prior to the commencement of the selection race.
- In such a case the IP may identify a single race opportunity whereby the boat of the selection series and the identified athlete(s) would compete for a World Cup, European Championship and/or World Championship place.
- If this situation arises more detail would be provided following the IP meeting immediately after the appropriate 2019 Selection regatta.
- Where there are other mitigating circumstances, certified details must be provided to the IP no later than 1 hour prior to a scheduled selection competition.
- The IP has the sole discretion to invoke this clause if required and any decision is final. The athlete must satisfy the criteria stated below:

For World Cup, World Championships and European Championship competitions, the athlete must be able to demonstrate an established consistent track record in training and racing performance that statistically demonstrates their performance above other athletes based upon performance analysis training data (from GBR performance analysis data) and other objective data such as performance at Paralympic, World Championship, European Championship and/or World Cup races for the previous period.

Funding and Participation (All GBR Teams)

Selection to a Great Britain Team is to specific identified races in accordance with the prevailing selection policy. Selected athletes who are not funded through a British Canoeing UK Lottery funded Programme may apply in

writing to the athlete's National Association as applicable for consideration of support. Applicants for such support are reminded that these funds are limited and securing other funding will almost certainly be necessary and that an athlete contribution will be required.

All athletes putting themselves forward for selection for a Great Britain team are expected to hold a valid passport with a minimum of 6 months unexpired and hold a current European Health Insurance Card (EHIC). British Canoeing reserves the right to deselect an athlete who has been found guilty of a disciplinary offence under British Canoeing/ICF rules. This includes doping and intentional classification misrepresentation offences.

Injury/Illness

The International Panel reserve the right to withdraw athletes from identified race(s) on the basis of injury/illness. Such decisions will only be taken following consultation with appropriate coaches and/or medical reports.

British Canoeing also has the right to deselect any athlete who has been found guilty of any disciplinary offence including anti-doping under the B.C rules. See Programme athlete agreement and B.C. website.

Appeals Procedure

Please see Appendix 2 for the British Canoeing appeals process.

Data Protection

British Canoeing is a privacy conscious organisation and is strongly committed to an individual's right to privacy. That is why we have drafted a Privacy and Data Protection Statement, which follows guidelines set out in the Data Protection Act 1998 and which can be found on our website: <https://www.britishcanoeing.org.uk/privacy-statement/> Please note that any data gathered in the course of selection will be used in accordance with this Statement and in particular will not be shared with any third party without appropriate consent.

Policies

For the avoidance of doubt this selection policy operates in conjunction with all relevant British Canoeing policies including but not limited to, Equality Policy, Anti-Doping Policy, Anti Bullying Policy and Anti Bribery Policy.

Communications

British Canoeing is committed to providing open and informative communication in relation to selection. All athletes will receive formal confirmation of the selection and for those athletes who wish to discuss the outcome of decision made by the Selection Panel/Committee the Chair of the Selection Panel/Committee will be available to speak informally to athletes and in the case of minors, parents.
