
British Canoeing Board - Diversity Statement

As part of an ongoing commitment to equality and diversity British Canoeing Board of Directors underwent training on Sunday 11 June 2017.

British Canoeing is proud to have achieved the intermediate equality standard and is now working towards achieving the advanced equality standard.

British Canoeing believes in fairness and equity and values diversity in all its dealings, both as the governing body for paddle sport and as an employer. British Canoeing aims to embed its equality and diversity values into every day practice, policies and procedures so that equality and diversity becomes the norm for all.

This cultural change will be driven from the top by the Board and senior staff but will be embedded from the bottom across clubs and centres, regions and disciplines in keeping with the ambitions of British Canoeing strategic plan, Stronger Together.

British Canoeing supports and recognises the importance of diversity in its broadest sense throughout its organisation, including on its Board.

A diverse organisation, will value and benefit from differences in canoeing and sports skills, regional and industry experience, background, race, gender, sexual orientation, religion, belief and age, as well as culture and personality.

Currently 25% of the British Canoeing Board is female. In accordance with the mandatory requirements of the Code for Sports Governance British Canoeing will continue to encourage diverse candidates for Board roles and British Canoeing is committed to meeting the target of encouraging a minimum of 30% of each gender on its board.

In accordance with the Code for Sports Governance British Canoeing reviews the Boards' effectiveness and composition each year and, in particular, considers the balance of skills, experience and independence of the Board. It also considers the benefits of all aspects of diversity, but without compromise as to the calibre of directors, when identifying candidates for appointment.
