Frequently Asked Questions-

Q: Will everyone in the family receive a membership pack?

A: Yes, you will each receive your own membership cards, so you can paddle at separate times on the waterways.

Q: Why is it not one account for the whole family?

A: The waterways license applies to the individual, so each member must be named. This is also for insurance purposes. Furthermore, If one of the family decided to do a qualification with us, or join a different club to the rest of the family, then they need their own account to hold this information against.

Q: Can I add another family member part way through my membership?

A: Yes, follow the steps above. Please be aware that the new member's expiry date will line up with the current family's expiry date.
